# The yucky pool

I was going to go for a swim but...

It looked like a crocodile circus in the pool.

And it looked like burgers and Spew floating on top of the pool.

I looked like 1000 people that had weed in it.

There was also some trash in the pool and the plastic bag looks like big as underpants.

# Swimming pool

I was going to go for a swim but the water was a yucky, greeny, gunky, boggie colour. Blechh.

It looked like spew.

The little baby pool was a blue kind of colour.

It looked like green food colouring.

It smelt like green gunk.

It smelt like spew.

It smelt like rotten eggs and fish.

It smelt disgusting.

It smelt like skunk farts.

It smelt like boogies.

It sounded like the wind rippling the water.

It sounded like the wind blowing the water.

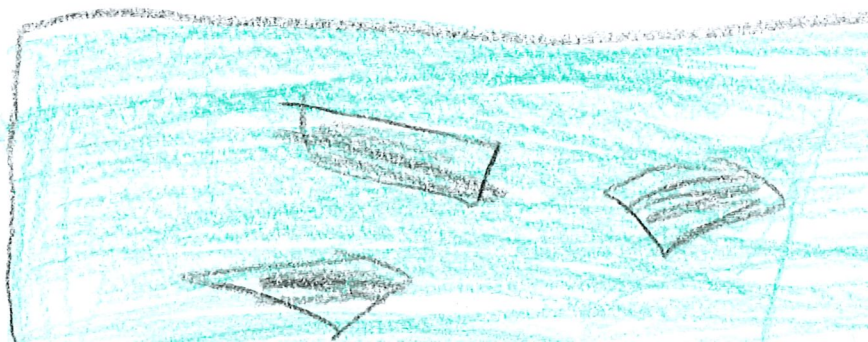

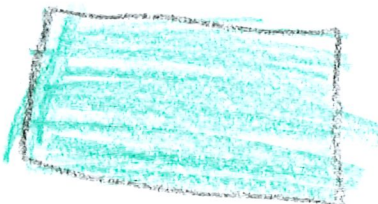

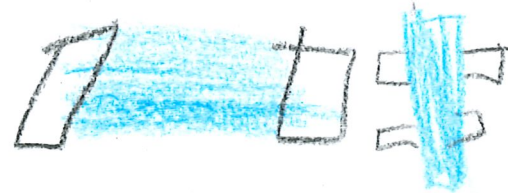

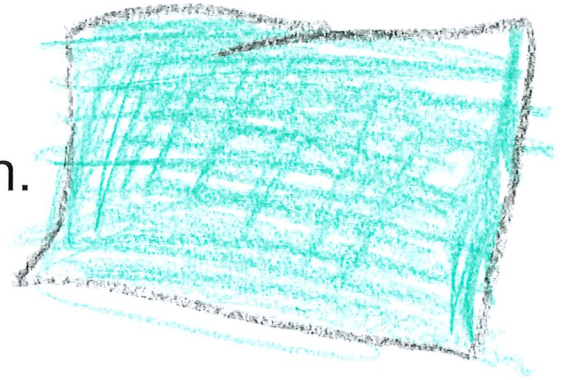

It sounded like waves splashing over each other.

It sounded like a soft smooth lake splashing.

It sounded like a gentle little splash.

It sounded so gentle.

It sounded like the wind was blowing the water.

# Swimming pool

I was going to go for a swim but the pool looked like there was green food colouring but it was actually boogers.

It smelt like poop and dead fish and a skunk.

It sounds like there are crocodiles farting underneath the pool. It was like there was a monster in the pool trying to scare everyone away from the pool forever so no one goes there again.
